Dear Mr. Weisberg,

On November 23, 1963 at 12:30 A.M., I was a boy of 9 playing innocently during recess at Hazlehurst Elementary School in Hazlehurst, Mississippi. It was a regular day just like any other, except that something very wrong was happening in Dallas, Texas at that very moment. The events that occurred in that LONE STAR STATE not only shaped our future but warped our minds as well.

As the news of the Kennedy assassination reached the sleepy little town of Hazlehurst, we burst into shouts of victory and excitement. DING DONG THE WITCH WAS DEAD!! Our country (and what did we know about our country?) was now going to be run by people who knew what was best for us! My family, who was and probably always will be Republican, was upset but not distraught. Soon the news died down and life returned to normal as usual.

However, having two older brothers, the Kennedy assassination fire kept burning. Mark Lanes' RUSH TO JUDGEMENT and Jim Garrison's wild goose chase kept things exciting in our house. Soon, though, that too became boring and we resumed our lives.

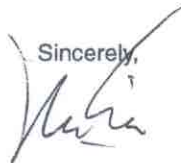

Things remained the same for many years until early 1988, when I entered a local bookstore and headed for the bargain rack. There I found CONTRACT ON AMERICA, a Kennedy assassination book, for \$4.95. Thus began my obsession.

Quickly I was combing every bookstore for any new or old information on this cowardly act that had been performed over 25 years ago. That is when I purchased your book, NEVER AGAIN!. I could not put it down, to say the least. I was fascinated by all of the information that you supplied! As they say down South, "You really know your stuff".

I, by no means, possess even a "smidge" of the information that you do, however, I have been able to build a library of 25 books and several old LIFE magazines with some interesting photos as well as a couple of videos, one of which is part of the ZAPRUDER film.

Mr. Weisberg, the jest of my letter is to request a list of all of the books that you have published as well as prices. It would be an honor to have WHITEWASH and POST MORTEM (autographed by you) as part of my collection. I look forward to your reply with great anticipation!

Sincerely,

P.S. As information, I found a copy of WHITEWASH IV today and just completed SELECTIONS FROM WHITEWASH!
